Dear James

At the Parish Council meeting on 3rd April 2023 residents asked about the protection status of the trees in John Norman's field to the west of Walditch Road. Can you please confirm that the 29 trees you identified for TPO status in November 2021 now have that status? If so, could you please send TPO confirmation orders to our Clerk.

Regarding the Sycamore Avenue, has there been any action regarding the damage caused in November 2022?

We would be grateful for your response before our Annual Meeting on 15th May 2023.

Your sincerely

A J Basker
