Dear Mr Reeves

RE: LOWER WALDITCH PLAY AREA

Further to our letter of 12th December and to our email contact with Mr Reeves during December 2021 who said that a visit to the play area would be made in the New Year. As we are now at the end of January we would be grateful for a date by which you can attend to repair the holes in the pathway.

During the intervening period, we have now found a further two holes and attach below the photographs for your consideration.

We look forward to an early date for your visit.

Yours sincerely
